AIGA: member since 06/18

EXPERIENCE

Lead Graphic Designer [*Feb. 2022–present*]
HDG Architecture—Spokane, WA

› Production and oversight of all internal and client-facing graphic materials, including website, social media, proposals, questionnaires, award submissions, project photography, and 3D renderings. Re-designing the company's visual identity.

Freelance Design [*2019–2022*]

› Working with clients in education, finance, healthcare, child psychology, public health, and hospitality to design logos, brand systems, websites, packaging, and print materials.

Contract Graphic Designer [*2017–2022*]
Northwest Pain Care, P.S.—Spokane, WA

› Designing print materials used in the practice, including patient forms, referral pads, appointment reminders, stationary, and marketing materials. Managing brand assets and media files.

Video and Design Intern [*Summer 2018*]
National Geographic Photo Ark—Lincoln, NE

› The Photo Ark, founded by Joel Sartore, is a project that documents the world's endangered species. My job included managing a library of media content, cleaning and editing video clips, and designing a manual to help zoos prepare for Joel's photo shoots.

Director/Creative Director [*2018*]
Little Shop of Horrors—University of Washington

› Working closely with the choreographer, vocal director, band director, and tech director, I managed a cast and crew of about 50 people to produce this musical, and oversaw the set/production design to create the overall look and feel of the show.
